Erin Stutelberg, MAT

I. C

move on to MHEC for final approval.

- Very focused on budgeting and enrollment management.
 - Recruitment is a high priority.
 - Met with GSC to talk about how they can help grow enrollment.
 - Concentrate on marketing and program capacity. Where is there room for growth. Clifton has provided goals to each program.
- M. Finch – We can't easily market Ed.D. program to undergrads because they must have certain experience. Can you speak to strategies on recruiting current SU students?
 -

- J. Scott regularly communicates with non-degree students in terms of transcripts and credit hours. She also provides Program Directors with a list of non-degree students each semester. We should be reaching out to them to see if we can entice them to join a program.
- J. Scott tracks active students and sends out lists of those who have not registered. There were over 200 active students not enrolled in spring. Please make sure you review that list and contact those students.
- We're making a concerted effort to target our own students. J. Scott will be exploring ways to communicate through Navigate.
- We're following up with a list of senior athletes. We need to get current GPA information and speak with coaches.
- OGS has done presentations to Honors and TRIO.
- A. Barnes – What is the marketing plan? We don't have a marketing budget.
 - C. Griffin – At one point each program had a separate marketing budget. Some programs were better at spending the money than others. So GSR took a more deliberate role in marketing and has invested a good deal of money in various recruiting and advertising forms.
- E. Liebgold – Can we use fee waivers:?
 - C. Griffin – Yes, we have a method for granting fee waivers. J. Scott will send out the link.
- J. Fox –

VI. Graduate Program Director Stipends

- J. Scott sent out questions to Grad Program Directors. There are a variety of loads.
- There seems to be confusion over who authorizes stipend rates and raises.
- D. DeWitt will reach out to the Faculty Welfare Committee and see what information they need.
- S. Bernhard - Would like to see stipends reviewed frequently once the Graduate School is created.
- M. Finch – Is there a minimum amount for stipends?
 - C. Griffin – There is a minimum stipend for GA's. Grad Council has never established Grad Program Director stipends. There used to be a convoluted formula. There was eventually a line drawn in the sand and minimum
