

Quilts and Native Americans

Two big exhibits opened in the GAC in late January. The lobby exhibit, *You Land. . .*, is a collaboration among an Honors class last spring, a fall history class, local Native American communities, and our Nabb Center staff (with benches made by Facilities staff). The Thompson Gallery on the 4th floor hosts a follow-up to last fall Nabb Center. *Piecing It All Together: Quilts of the Eastern Shore* features a colorful array of quilts on loan from local quilting guilds. The exhibits will be open until May 31. Enjoy them!
